Marvin's Shop

Jasper, IN

Marvin's Shop sets the **standard** high for these computers, using all premium grade, name brand components. **These computers are built locally and serviced here.** Our goal is to build a computer so good you will want to buy your next one here. We have very loyal customers and we appreciate them very much.

The **Standard** is ideal for the Internet. The **Standard Business** has **Dual Core CPU** and **Solid capacitor Main Board**. ▶ The **Media PC** has the **Solid capacitor long life mainboard** and a **long life Hard Drive**, the very best for business and graphics - photos, DVD movies, multimedia presentations.

Note: We offer these computers with **Solid State Drives as an option** - ask about pricing.

Local Service and Support!

Computers with the Marvin's Shop Logo have local support – and free yearly maintenance. Factory built computers with overseas support do not have this added value.

Ask about our “swap out” warranty.

Note>>> Circle the Computer you want, then on 2nd Page choose your Software and accessories.
